Dear Board of Commissioners,

On Wednesday December 17, I had left a large plastic box, which was an engine cover, at my curb when helping a friend with their car. As always Truck 74 led by Mike Hoefenkrug took my garbage keeping my neighbor hood clean. I had realized my mistake when going out to get the part. I attempted to track them down, but could not. They were on to clearing next streets on their tour. I found a number of other trucks. Saddened I gave up to go back and help my friend. The other trucks must have told Mike and Truck 74 crew about my plight.

The following morning I found the part I had left for garbage. It was December 18 and was the biggest surprise for me. Mike Hoefenkrug and crew of truck 74 returned my part. Thank you so much.

I am truly grateful to how Mike Hoefenkrug and crew went out of their way to help me.

I thank Sanitary District 6 for always keeping our neighborhood clean.

Thank you so much and a
Joyous holiday season for all,
